SEMI-AUTOMATIC STRETCH WRAPPING MACHINES

FILM COST SAVINGS

- Multiple wrap cycles apply film only where required.
- Separate up/down speeds save time and up to 10% reduction of stretch film costs.
- Separate top/bottom wrap selections eliminate wasted revolutions of film.
- Film saving Logic eliminates film waste.

SAFETY MEASURES

- Easy-threading door for safe film access and reloading.
- Side-mounted controls for safe ergonomic operator access.
- Auto shut-off sensor on Pre-stretch carriage.

MAINTENANCE WISE

- More table support casters than any in its class.
- Maintenance-free polymer support bearings for quiet, efficient operation.
- Lifetime Warranty on Pre-stretch Rollers.

DURABLE DESIGN

- Eliminate all trip hazards with our fully-enclosed design.
- Top quality commercially available components.
- Meets all CDN & US standards with cUL Approval

NOTHING BEATS THE BEST IN CLASS!

Bigger:

Equipped to handle up to a 56" x 56" max. load capacity ... the largest in its class.

Heavier:

Built to last...the 5500 lbs std. weight capacity is the heaviest in its class.

Faster:

At 16RPM, it's the fastest wrapping speed in its class. Wrap more loads... faster.

Ultimate Control:

Best in Class controls. Simple yet powerful controls offers wrap flexibility and film savings.

BIGGER, HEAVIER & FASTER.... BEST IN CLASS!

GENERAL SPECIFICATIONS

Wrapping Speed	Variable up to 16 RPM
Load Diagonal	Max. 80"
Load Weight	Max. 5500 lbs
Load Height	Up to 80"
Wrap Tension	Variable
Power Requirement	120 Vac 15 Amp

Controls

3 Wrap Programs	Wrap Up & Wrap Up/Down, Top Cover Pause
Up/ Down Speeds carriage	Separate
Top & Bottom Wrap Counters	Separate 1-9 count

Warranty

3 years-All Parts / 10 years-Frame
Lifetime warranty on Pre-stretch Rollers.

Turntable

	PHP-2300	PLP-2300
Support Casters	9 H.D.	28 H.D.
Height	8" 3/4	2" 7/8
Size	48" x 48" (octagon)	65" diameter
Forklift Portable	Front & Back	Front Optional Ramps

* Specifications subject to change without notice
